

Inclusive Playgrounds: A World of Possibilities

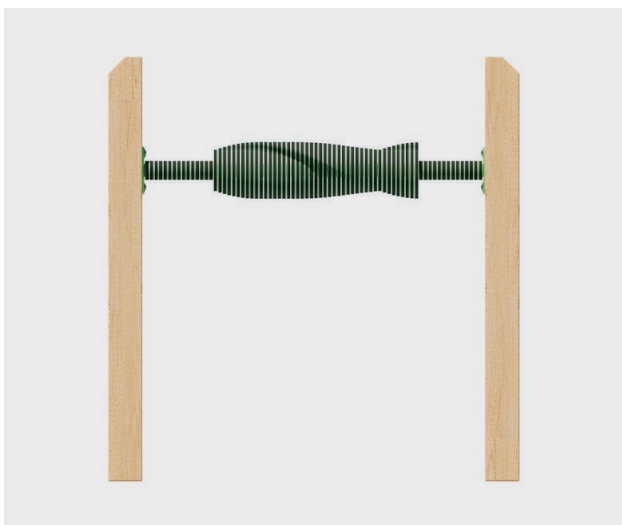

Sensory, Transferable and Accessible play products now available!

Bring inclusive play to life! Our sensory playground equipment offers a rich and engaging experience for all children, while our accessible and transferable play features ensure everyone can join in the fun.

As a proud NZ Made business, we prioritise quality, safety, and fun in every project. By choosing to work with us, you're not only getting a great playground but you're also supporting local manufacturing and contributing to the New Zealand economy. Explore our range of Sensory, Transferable, and Accessible play equipment in this brochure and visit our website for more details.

Sensory Equipment

Fidget Spinner

Immerse children in a stimulating and goal-oriented challenge with the Fidget Spinner. This tactile activity offers control over pattern creation, empowering them to determine the outcome of their designs.

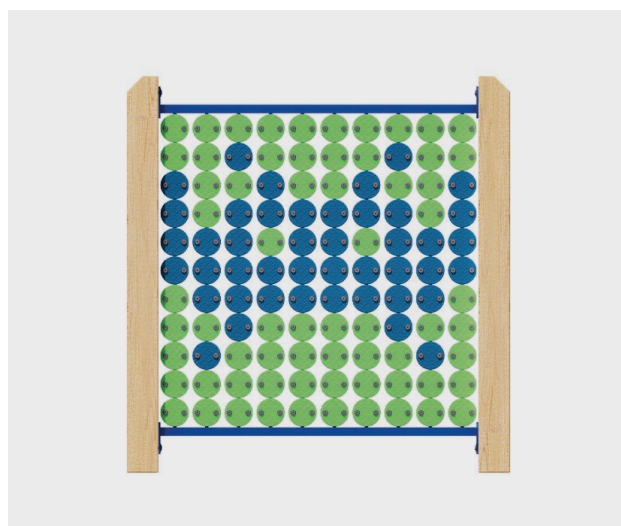

Sand Table

Designed for inclusive sensory exploration, the Sand Table provides a wide array of tactile experiences and facilitates playful connections between children with varying abilities. Its height is specifically designed for full wheelchair accessibility.

Communication Board

To help navigate communication challenges, particularly for children with language limitations, our Communication Board provides empowering tools for more effective and independent communication within any play area.

Pixel Panel

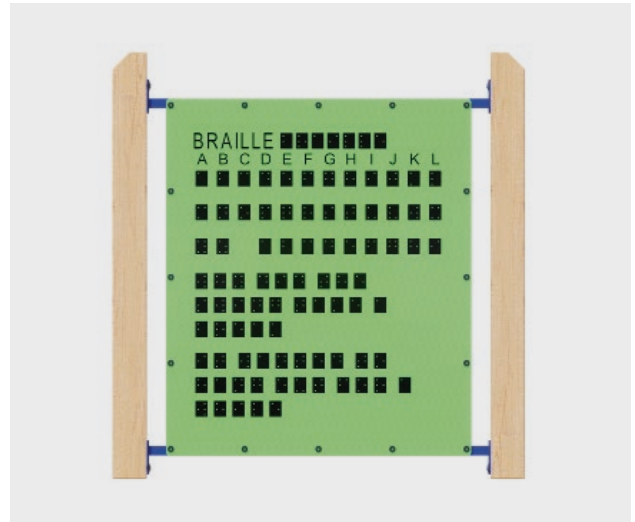

Featuring double-sided coloured disks, the Pixel Panel invites children to embrace their imagination by twisting and turning them to form shapes and patterns, encouraging both individual expression and collaborative play, making it fun for everyone!

Sensory Equipment

Tic-Tac-Toe

Experience the classic game of Tic-Tac-Toe in an engaging panel format! This promotes hands-on social interaction and sharpens critical thinking skills. It's an invitation for everyone, regardless of age, to join in the fun!

Braille Board

Our Braille Panel helps children learn Braille and have fun at the same time. They'll practice reading Braille letters and numbers and then try to decipher a fun puzzle at the base of the panel.

Tumble Maze, Gears and Driving Panel

Engage in cause-and-effect play with the interactive Tumble Maze, Gears, and Driving Panels. These hands-on activities invite children to explore diverse concepts, helping to develop their fine motor skills, coordination, and critical thinking.

Mirror Illusion Panel

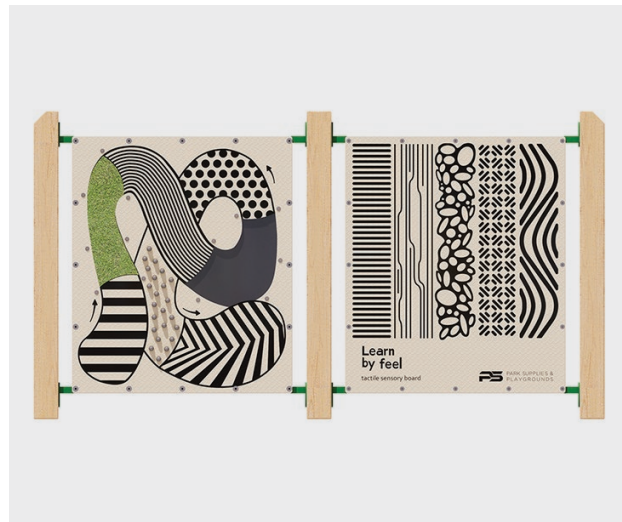

The Mirror Illusion Panel offers a unique visual experience, blending reflective strips with the world beyond to create optical illusions for all ages. Children can grab a friend, and watch as their reflections playfully blend together.

Sensory Equipment

Sign Language Panels

Enjoy inclusive play for all with our Sign Language Panels! Developed in partnership with Deaf Aotearoa, these panels feature New Zealand Sign Language, helping to make play accessible for deaf and hard of hearing children in playgrounds across the country.

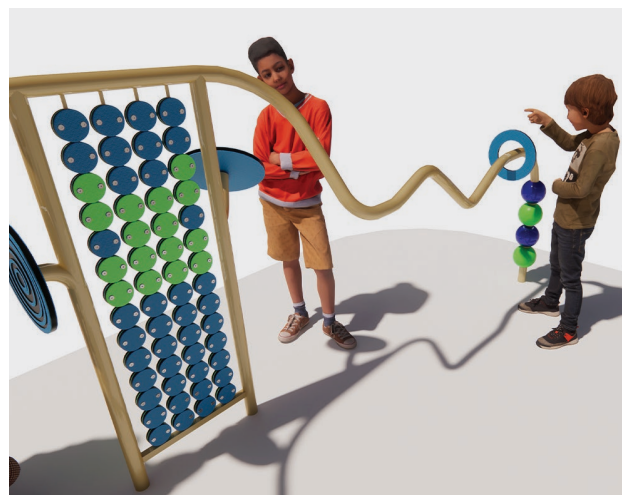

Textural Panels

Touch is one of our most important senses and plays a crucial role in children's learning and development. Our Textural Panels help stimulate the body's senses and help children understand and explore the world around them.

Spinning Illusions

Spinning Illusions are visually captivating play panels with rotating PolyPlay discs that create mesmerising patterns, encouraging self-directed play experiences as well as sensory exploration and development.

Sensory Pipe Wall

The Sensory Pipe Wall is an inclusive playground feature designed to offer a rich multi-sensory experience through its variety of engaging elements. Customisation options are available to tailor the experience.

Transferable Equipment

Orion Spinner

Designed with an easily accessible transfer entrance at its lowest level, the Orion ensures children of all mobility levels can join the fun without barriers. This thoughtful feature allows everyone to safely experience the joy of the spinner at various heights.

Orbit Spinner

The angled design of the Orbit Spinner creates a dynamic surface that challenges users' balance and agility. Beyond the fun, its unique shape also makes it an ideal solution for maximising play value in smaller or unusually shaped playground areas.

Jenn Swing

The Jenn Swing seat offers safe and comfortable swinging for toddlers and children with limited mobility. Its reclined design provides full support, and the safety harness keeps children secure.

Integrated Swing Seat

For older children with limited mobility, the Integrated Swing Seat provides superior support thanks to its backrest and armrests. This enables a more comfortable and upright seated position, enhancing their enjoyment.

Transferable Equipment

Infant Disabled High Back Swing Seat

For younger children with lower mobility, this seat provides a secure and comfortable way to enjoy swinging. The inclusion of a backrest and armrests offers significantly more support than a standard seat.

Rodeo Rider

The Rodeo Rider rocker is designed for shared fun, accommodating multiple riders with comfortable seating and secure handholds. The thoughtful design empowers children of varying ages and abilities to join the fun.

Lillypad Basket Swing

A truly inclusive swing, the Lillypad Basket Swing welcomes users of all ages and abilities. It offers full-body support, making it ideal for children with physical restrictions. The secure rope edges provide a reassuring grip, preventing falls and enhancing safety.

Spinning Chair

Designed as an individual spinner, the Spinning Chair features a supportive backrest and armrests. This provides crucial body support, enabling children with reduced mobility to experience the fun of spinning with greater comfort and security.

Accessible Equipment

Large Sensory Hut

This innovative playground structure is designed to cater to various needs, incorporating built-in shade, seating for comfort and multiple interactive and educational sensory panels.

Above-Ground Carousel

Add a spin of excitement to your playground with our Above-Ground Carousel! With a spacious platform, and easy entry and exit, there's plenty of room for multiple children to enjoy the ride together.

Wheelchair Mini Carousel

The Wheelchair Mini Carousel, allows children and adults in wheelchairs to experience the fun of a merry-go-round. The design includes a flat platform for easy wheelchair access and safety railings for support while spinning.

Wheelchair Accessible Seesaw

With a tilting base for easy ground-level access, the Wheelchair Accessible Seesaw ensures everyone can join the fun. Its smooth operation guarantees balanced play, accommodating users with diverse weights and abilities.

Accessible Equipment

Wheelchair Accessible Trampoline

The Wheelchair Accessible Trampoline is seamlessly integrated into the ground for easy entry. It comfortably fits a wheelchair and caregiver for assisted bouncing and is robust enough to support multiple users, including electric wheelchairs.

Wheelchair Accessible Spinner

Our Wheelchair-Accessible Spinner has a low, ground-level platform, making it easy for users to access. Its wide base plate provides ample room for multiple children to play and interact together at the same time.

As a full-service playground company, we're committed to guiding you through every step of the process. From initial design to expert installation and ongoing maintenance, our team is here to ensure your sensory station is a success. Enjoy the peace of mind that comes with having a trusted partner by your side.
