

# MEMORIAL PLAQUES

Our memorial bronze plaques are a symbol of distinction, projecting an image of class, quality and longevity for long lasting memory and prestige. The timber slat is routed and the plaque is pre fitted and inlaid. Just simply send us the wording you would like on your plaque (up to 3 lines of text).

**MATERIAL:**  
6mm Engraved Bronze

**WIDTH:**  
210mm X Height 50mm

**\$450**  
+ GST

# SPECIFICATIONS

**PINE**

We use premium Pine H4 Grade 1 Machine Gauge dressed timber.

**HARDWOOD**

Park Furniture range uses Purple Heart or Kwila Timber. Street Furniture range uses Taun or Kwila Timber subject to availability.

**FASTENINGS**

All fastenings are dome finished stainless steel for maximum longevity.

**FRAME FINISHES**

All furniture frames are black steel fabricated then hot dip galvanised for maximum protection and lifespan. Additional coating options are available including a powdercoating (see colour choices below) and a coastal protection clear coat (if required). Popular colours as follows:

- Hawthorn / Brunswick Green
- Silver Star
- Black Satin
- Dark Grey

**KITSET OR PREASSEMBLED**

**Park Furniture:**  
Unless requested all Park Furniture comes as a simple kitset, packed & palletised as standard. All timber is pre-drilled and simply bolts together. Pre-assembled options available for additional charge.

**Street Furniture:**  
Street Furniture comes fully preassembled, packed & palletised as standard.

# ADDITIONAL PROTECTION

Timber is a natural material that suffers from weathering and degradation, over time timber will discolour and can split and crack. To minimize this we recommend periodically painting the slats with a protective oil such as Watty Forreestwood Aquatech Decking oil.

Additional protection options that can be pre-applied to protect the longevity of your furniture for an additional charge as follows:

1. Watty Forreestwood Aquatech Decking oil - A pre-applied oil layer provides longevity to timber surfaces
2. Coastal Frame Coating - An additional layer of clear powdercoating on the frame
3. Graffiti Shield - A pre-applied 2 pot layer of Resene Uracryl Graffiti Shield on the timber surfaces

Prices subject to change without prior notice. All prices exclude GST and freight. Unit prices are based on kitset, additional charges apply for fully assembled items.
